NISSAN MICRA

Exterior and Interior

Distinctive styling

INTERIOR

Stylish design interior

Micra has room for five people to travel in style, with a rear seat that slides back easily for more legroom. The sculpted seats are so relaxing, you'll be in no hurry to get out!

5 different trims

Micra is now more inviting than ever, with a choice of four new trim materials and a range of temptingly fresh interior colour combinations.

Climate control

Climate control keeps the interior temperature perfectly stable without you having to lift a finger.

EXTERIOR

Unique

There's definitely something unmistakable about the Micra. Distinctive looks, assertive performance and user-friendly technology – it all comes together in a car that will quickly become your best ally.

16" alloy wheels

To emphasize Micra's dynamic performance, it's available with chunky 16" alloy wheels on Tekna, 160SR and Active Luxury.

Distinctive stylish design

New Micra ticks all the "wow" boxes: minimal new headlights with funky blue raised sidelights, glossy chrome grille highlights and a sporty black pillar between the side windows for a lower, racier profile.

Styling pack

Treat your Micra and yourself to some stylish extras! The styling pack includes sport bumper, side sill spoiler and roof spoiler. Standard from Acenta and above or available as standard or as an accessory on Visia.

NISSAN MICRA Performance

Setting a new pace

ENGINE

1.6 110PS engine

The 1.6 litre petrol engine really pulls at the reins, with 110 spirited horsepower and 153 Nm of torque to deliver grin-inducing acceleration.

HANDLING & BRAKING

Sport suspension and steering

Micra's dynamic sport suspension and steering allows you to remain in calm, complete control as the world flashes by.

Electronic Stability Program

The optional Electronic Stability Program relies on electronic sensors to monitor wheel speed and steering angle. To help keep you in your intended direction on slippery roads and in emergency manoeuvres, the system reduces engine output and applies braking to individual wheels to correct under- and over-steer.

NISSAN MICRA Performance

Frugality never felt so good

	Fuel consumption (mpg)			CO2 Emission Combined (g/km)

In accordance with 2004/3/EC optional equipment, driving technique, payload, road and weather conditions may affect actual fuel consumption.

Safety and Security

It's all about you

PASSIVE SAFETY

Front, side & curtain airbags

The Micra features up to 6 airbags. The dual front and side thorax airbags help protect you and your front passenger. But it also has optional curtain airbags. The side airbags, housed in the seat, help protect your head and chest. The curtain airbags run the length of the interior to protect front and rear occupants from impacts of outside objects in a crash.

Active headrests

The Micra's active headrests may save your neck. If a rear impact accident occurs, these headrests move forward to limit head movement. So there's less risk of serious neck injuries. As the impact subsides, a spring mechanism returns the headrest back to its normal position.

Auto headlights / rain sensing wipers

When the natural light fades, Micra's lights turn on so you can see and be seen. The rain-sensing wipers take care of the rain while you take care of the driving.

ACTIVE SAFETY

Electronic stability program

The optional Electronic Stability Program relies on a myriad of electronic sensors to measure wheel speed and steering angle. In order to help keep you in your intended direction on slippery roads and in emergency manoeuvres, the system reduces engine output and applies braking to individual wheels to correct under- and over-steer.

Electric power steering

Tight corners, a pressing deadline. Micra makes it easier to keep up with fast-paced urban living with speed-sensitive electronic power steering. So you can concentrate simply on getting there.

Safer braking

Three standard braking systems work together to help you stop safely. Electronic Brake Force Distribution (EBD) ensures optimum braking on all wheels, depending on car load and road surface. Brake Assist measures the force a driver applies to the brake pedal. When the force exceeds a preset amount, Brake Assist applies the brakes fully. And ABS prevents the wheels from locking so you stay in control of the car.

NISSAN MICRA

Grades & equipment

AVAILABLE GRADES

Grade : VISIA

Visia is packed with style and useful features like a CD/radio with MP3 jack. The rear seat also slides back for maximum legroom or forward for more luggage space.

From £7,495

Grade : ACENTA

Acenta adds cutting edge style to Micra's user friendly technology, with its manual air conditioning, Bluetooth CD player with MP3 and drive computer featuring a speed limit warning. Along with an exterior styling pack and interior trim details that definitely have an uptown feel.

From £8,895

Grade : ACENTA+

Acenta+ adds that extra bit of style with the addition of 15" alloy wheels in addition to the head-turning looks and features of Acenta.

From £9,095

Grade : TEKNA

Tekna is your intelligent partner for urban living, with rear parking sensors, automatic lights and rain sensing wipers. Add in other features such as stylish 16" alloy wheels, front fog lamps and a leather steering wheel with remote audio, speed limit warning, Bluetooth and drive computer controls; and you've got a fantastic package.

From £10,145

Grade : 160 SR

Every Micra feels lively, but Micra 160 SR really pulls hard with 110 spirited horse power and over 150Nm of torque ready to deliver grin-inducing acceleration in a car that weighs a little over a tonne. All this is matched to a dynamic sports suspension and steering and ESP (Electronic Stability Program), so you can make the world flash by in calm, complete control.

From £10,695

Grade : ACTIVE LUXURY

With Active Luxury, city life takes on a touch of class and refinement. Climate control, Bluetooth 6 CD changer with MP3 and heated front seats to keep you pampered. While grey Alcantara and pearly nappa leather seats for that touch of luxury.

From £10,695
